Each FT Unit shall consist of one common share in the authorized share structure of the Company ("FT Share") and one half of one common share purchase warrant ("NFT Warrant"). Each NFT Warrant will entitle the holder thereof to purchase one common share at an exercise price of $0.07 for a period of 24 months from the date of issuance.

The FT Shares are intended to qualify as "flow-through shares" within the meaning of the Income Tax Act (Canada) (the "Tax Act"). The gross proceeds from the sale of the FT Shares will be used to incur "Canadian exploration expenses" that are intended to qualify as "flow-through mining expenditures" as those terms are defined in the Tax Act, which the Company intends to renounce to the purchasers of the FT Shares.

Completion of the Offering is subject to customary conditions, including regulatory approvals. Finders’ fees may be paid in connection with the Offering. All securities issued in connection with the Offering will be subject to a statutory hold period of four months and one day from the Closing Date.

The proceeds from the FT Offering will be used to advance the Company's exploration activities and continue unlocking value at the Koocanusa Property in British Columbia. The Company intends to use the proceeds from the NFT Offering for general working capital.
